

Are You Okay?

Dum Dum Girls

The [?] is like some new drug
My eyes are shocked but my face is numb
I know just what I'm doing
But what is this that I'm pursuing?

You say, "Are you okay?"
You say, "Are you okay?"
You say, "Are you okay?"
You say, "Are you okay?"

What do you feel?
I feel it too

What do you feel?
I feel it too

Sometimes my heart is pure
Sometimes I know it's not
Sometimes it disappears
Returns a lot

You say, "Are you okay?"
You say, "Are you okay?"
You say, "Are you okay?"
You say, "Are you okay?"

What do you feel?
I feel it too

What do you feel?
I feel it too

What if it doesn't go away?
What if this feeling always plays?
I'm reckless at night, I'm sorry for days
I'm looking for you, through lavender haze

You say, "Are you okay?"
You say, "Are you okay?"
You say, "Are you okay?"
You say, "Are you okay? "
