In My Head

Dum Dum Girls

What is mine when you leave (empty bed, empty bed) All the memories I can retrieve (from my head, from my head)

I can't live without your warmth I just wanna be adored Oh, I'd do anything to bring you home tonight

Oh don't you tell me I am your baby Over the phone It don't feel right Come home and kiss me Tell me you miss me Tell me it right Tell me it right

Another year has passed us by (I'm all alone, all alone) Crazy how the time does fly (when you're on your own, on your own) But now it's not only you I am always leaving too Oh, I'd do anything to bring you here tonight

Oh don't you tell me I am your baby Over the phone It don't feel right Come home and kiss me Tell me you miss me Tell me it right Tell me it right

Don't bother asking how my day was Every day drags the same just because Without you, I can't get out of my bed I'd rather visit you in my head
