

WOOO!

Dune Rats

Yeah we're young, yeah it's fun
I got a feeling that it's all being done
Back to the start, all in your heart
We can get so high, We can get so high tonight
We can get so high, we can get so high tonight
We can get so high, we can get so high tonight
We can get so high, we can get so high tonight
We can get so high, we can get so high tonight
We can get so high, we can get so high tonight
We can get so high, baby we can get so high tonight
We can get so high, can get so high tonight
We can get so high, we can get so high tonight
