

This Good Night Is Still Everywhere

Dustin Kensrue

I know somewhere the sun is up and it's 95 degrees,
But here the stars are shining and there's frost on all the trees,
And everything looks beautiful as far as I can see,
And this good night is still everywhere to me.

The gospel's on the radio like Jesus come to town,
And right outside my window I see snowflakes falling down,
And everything looks beautiful as far as I can see,
And this good night is still everywhere to me.

The children in bed dreaming, the fire's blazing bright.
My true love nestles near me in the sweet and silent night,
And everything looks beautiful as far as I can see
And this good night is still everywhere to me.
