

Just a Little Lovin'

Dusty Springfield

Just a little lovin'
Early in the morning
Beats a cup of coffee
For starting off the day

Just a little lovin'
When the world is yawning
Makes you wake up feeling
Good things are coming your way

This old world
Wouldn't be half as bad
It wouldn't be half as sad
If each and everybody in it had

Just a little lovin'
Early in the morning
That little extra something
To kinda see them through

Nothing turns the day on
Really gets it dawning
Like a little bit of lovin'
From some loving someone like you

This old world
Wouldn't be half as bad
It wouldn't be half as sad
If each and everybody in it had

Just a little lovin'
Early in the morning
Just a little lovin'
When the world is yawning

Just a little bit of lovin' ah
Oh, in the morning
Nothing turns the day on
Really gets it dawning
Make a little bit of lovin'
It's so good, it's so good
