

Standing In The Need Of Love

Dusty Springfield

It's me, it's me, oh, baby, it's me
Standing in the need of love
It's me, it's me, nobody but me
Standing in the need of love
Oh, standing in the need of love, yeah

It's me, it's me, oh, baby, it's me
Standing in the need of love
It's me, it's me, I said def'nitely
Standing in the need of love
Oh, standing in the need of love, yeah

Not my brother or my sister that you see
Not my mother or my father, no sir'ree, yeah
Well, it's not my neighbour and it's not my friend
Won't you have a little mercy on this heart of mine?, oh, oh

It's me, it's me, oh, baby, it's me
Standing in the need of love
It's me, it's me, nobody but me
Standing in the need of love
Oh, standing in the need of love, yeah

It's me, it's me, oh, baby, it's me
Standing in the need of love
It's me, it's me, oh, baby, it's me
Standing in the need of love, yeah
Standing in the need of love, ow
I said, standing in the need of love

Not my brother or my sister that you see
Not my mama or my father, no sir'ree, yeah
Well, it's not my neighbour and not my friend
Won't you have a little mercy on this heart of mine?

Oh, it's me, it's me, oh, baby, it's me
Standing in the need of love
Me, me, nobody but me
Standing in the need of love, yeah
Standing in the need of love, ow
