

# The Star of My Show

Dusty Springfield

Used to be a time  
When I wasn't doin' so good  
But that was because I never understood  
Just how much in love with me you were  
But you paid your dues  
Now I'm devoted to you

You're the star of my show  
Always want you to do an encore  
You're the star of my show, ooh, baby, baby

Used to be a time  
When I wouldn't give reaction  
Now, baby you're the centre of attraction  
See your name shinin' brighter than the sun  
Oh, you started at the bottom  
And now you're number one

You're the star of my show  
Always want you to do encore  
You're the star of my show, ooh, hoo, baby, baby, baby, baby

Ooh, Baby, baby, baby  
Now you're the star, yes you are  
You're the star, yes you are  
You're the star, yes you are  
You're the star, yes you are  
Ooh, baby, baby, baby, baby  
You're the star in my book  
You started at the bottom  
Now you're number one  
Oh, you're the star in  
Oh, yes you are  
You're the star in  
Yes you are  
Baby, baby, baby
