

## Miss Me?

dvsn

I'll send a rose to the hoes  
Let em know I'm gone  
If you want me back let me know  
This time I won't keep it on the low  
I wrote this cause you won't pick up the phone  
Don't say nothing girl just sing along

If you miss me like I be missing you  
Soon as I get you out my system girl I relapse  
Sweating in the cold I can't relax  
Tell me do you miss me like I be missing you  
Soon as I get you out my system girl I relapse  
Sweating in the cold I can't relax

Sent a rose and some clothes  
And some stones and it glows  
Diamonds like a light I wanna show you  
Show you that I'm different than before  
Wrote this cause you won't pick up the phone  
Don't say nothing girl just sing along

If you miss me like I be missing you  
Soon as I get you out my system girl I relapse  
Sweating in the cold I can't relax  
Tell me do you miss me like I be missing you  
Soon as I get you out my system girl I relapse  
Sweating in the cold I can't relax

Sweating in the cold I can't relax babe  
I was singing when you called hit me back babe  
Girl you know that I would give anything to get you back babe  
Get you back babe, take me back babe

If you miss me like I be missing you  
Soon as I get you out my system girl I relapse  
Sweating in the cold I can't relax  
Tell me do you miss me like I be missing you  
Soon as I get you out my system girl I relapse  
Sweating in the cold I can't relax

If you...
