

Go team yeah yeah yeah yea
I drink lots of beer, women
I drink beer with slice of lemon
A millionaire with no money
Get up that pole and dance for me
Honey, I like the line on the back of the stocking
I'm low on fuel, but bitch, I ain't walking

We made a law that we can buy
Don't ask me no questions and I won't have to lie!

A mean abduction, you know that it's mean
He locked up the front, but I'm coming from the back
So casually, I came for your kisses, your heartshaped box
Now don't start the trippin'
Oh, I love to go in your de-tox(?)

Now give me head, don't turn the page
And all this fiction, let it wait
Long isn't fiction, let it wait
Love isn't diction, let it wait

We made a law that we can buy
Don't ask me no questions and I won't have to lie!
Now give me head, don't turn the page
And all this fiction, let it wait
Long isn't fiction, let it wait
