Dwele

Bodies are sticky we sweating out
and we ain't even got our clothes on
lips hips feet are intertwined
I'm in your ear screaming hold on

Yeah I know we end up tangled when we tango
a man in lust am I
every time is better than the first time
when you

Move on it grind on me
slide down me baby
slide up and grind down slow
take your time and groove
I love when you let it go
I'm loving your every move
rock fast or slow

It take 22 tango (4x)

Keep your body so close to mine oooo
working a horizontal dance move
but anytime of day
were dancing with the stars and a half moon

I know we need to find our groove
and when we do
a man in lust am I
every time you give me that ooo

Grind slide down me baby
slide up and grind down slow
take your time and groove
I love when you let it go
I'm loving your every move
rock fast or slow

It take 22 tango (4x)

Keep your body close to mine oooo
baby this ain't your first time
take a minute explode
my horizontal dance flow
we don't need no teacher
we can learn as we go
as we cum we can cum as one

And we ain't even hit our groove yet
play connect the dots wit ya sweat beads
like my lover the remixer
I'm guessing that you like that

I'm seeing how your toes curl back
sometimes its like that
just wait till we do the flapjack

Before you can dance

with your girl in romance
theres a few things you should do
I'm just tryna help you cause you my dude yea
it takes 22 tango
first make her comfortable
she wont know what hit her when till done ya heard
believe me thats my word

ooo listen
