

Wants (Intro)

Dwele

Wants

Everybody got a alter ego
I wish I actually did have them Gucci shoes inside that Gucci bag
Yeah I'm a soul dude, but I can want it right?
Truthfully...

I can rock diamonds if I want to
You can get naked if you want to
Because it's what I want
The first W is what I wanna do
I want you to be horny baby
I want you to be on me baby
I want you to want me baby
I want us to have them flashy things

See you can get naked if you want to
I want you to be horny babe
I want you to be on me babe
I wanna have them flashy things

It's alright
Wants is my alter-ego
Even the most chill person got one of em
You may find
This section is for me
But I'm happy that you here
You may find
That you may wanna listen through just cause you want to
