If There Was A Way

Dwight Yoakam

```
D            G
 I was just  standing
              Em
Alone in this  room.
              G
Surrounded my  memories
                       Em
We stopped making too  soon.

               C
Oh, I was just  standing
           D
I was just  standing,
              Em
Alone in this  room,
              G
Alone in this  room.

I was just thinking
All to myself.
How I still want you
and nobody else.

Oh, I was just thinking,
I was just thinking,
All to myself,
All to myself,

C                        G
 In this darkness I move  slowly,
C                        G
 Always struggling to be  free.
Am
 But I still hear your voice,
C
 And everywhere I see you the choice
     Am          C        D7
That  made such a  fool of  me.

I was just wondering,
If there was a way.
Bringing back to me
Pretty things I could say.

Oh I was just wondering,
I was just wondering,
If there was a way.
```
