

# Tick Tock

Dymytry

The memories burning in me  
I can't see clear  
The past is a broken dream  
The future brings fear

I've been thinking too much about you  
I will never forgive  
I am locked up in a clock  
I just wanna live, I just wanna live

I just wanna live  
I just wanna live

I'm trapped inside a twisting hourglass  
There's darkness in the future and sorrow in the past  
I'm caught between what was and what will be  
I'm begging for salvation  
Someone set me free  
Set me free

I've been going through hell and further  
Living in a dark cloud  
I am locked up in a clock  
There's no way out, there's no way out

I just wanna live  
I just wanna live

I'm trapped inside a twisting hourglass  
There's darkness in the future and sorrow in the past  
I'm caught between what was and what will be  
I'm begging for salvation  
Someone set me free  
Someone set me free

It's time to break the old habits  
I'm not supposed to live in a cage  
It's time to break the old habits  
Turn, turn, turn, turn  
Turn the page

I'm trapped inside a twisting hourglass  
There's darkness in the future and sorrow in the past  
I'm caught between what was and what will be  
I'm begging for salvation  
Someone set me free

I'm trapped inside a twisting hourglass  
There's darkness in the future and sorrow in the past  
I'm caught between what was and what will be  
I'm begging for salvation  
Someone set me free  
Someone set me free
