

Cocktail D'erotique

E-Rotic

She is so sweet
My sister's insane
And she went up there
Wherever not to be

She's taking your heart
You've got only one
It's melting like ice
Like ice in the sun

She's sweet like a cocktail d'erotique
She's trading in wild and exotic
If you get too much isn't the count
And you feel like you're losing the optic
'Cause she's sweet like a cocktail d'erotique
She's sweet like a cocktail d'erotique

My sister in sex
Like others in air
And she makes you cry
She doesn't care

She's taking control
My follow in love
Curse into your soul
She can't get deny

She's sweet like a cocktail d'erotique
She's trading in wild and exotic
If you get too much isn't the count
And you feel like you're losing the optic
'Cause she's sweet like a cocktail d'erotique
She's sweet like a cocktail d'erotique

She's sweet like a cocktail d'erotique
She's trading in wild and exotic
If you get too much isn't the count
And you feel like you're losing the optic
She's sweet like a cocktail d'erotique
She's trading in wild and exotic
If you get too much isn't the count
And you feel like you're losing the optic
'Cause she's sweet like a cocktail d'erotique
She's sweet like a cocktail d'erotique
