

Temple Of Love

E-Rotic

Can you hear the priest?
He's trying to keep his Goddess pleased
Love's shining eternally
Love will make you feel so free
Come go, it's okay
For satisfaction you must pray
The flame of passion ain't no bluff
It's shinning in the temple of love

Come to the temple of love
And together we'll pray to the heavens above
Come to the temple of love
If your heart is free
Joy in the temple of love
Aaah, Aaah, Aaah...

Sex is all the power
Helping you through the midnight hour
The secret of love and peace
Soul and heart it will release
So bow your head and pray
It's gonna take your fear away
Flying like a snow white dove
Out of the temple of love

Come to the temple of love
And together we'll pray to the heavens above
Come to the temple of love
If your heart is free
Joy in the temple of love
Aaah, Aaah, Aaah...

Come to the temple of love
And together we'll pray to the heavens above
Come to the temple of love
If your heart is free
Joy in the temple of love
Aaah, Aaah, Aaah...
Aaah, Aaah, Aaah...
