

# Time

E-Type

Gonna go on my own

One more time i saddle up up and leave for no mans land  
Like so many times before  
They say that lightning strikes not once but twice and  
I  
Ain't gonna stay  
Cause I can't take anymore

When memories make themselves heard  
Go away - go away  
You know that you gave me your word  
Gonna go on my own

Time, time take me where  
I'm no longer a stranger  
I'll do anything  
I know I'll find a way  
Time, time take me there  
And with the speed of lightning  
I'll do anything  
I know i'll find my way

Now I know, here's where the story ends and I have come  
To the point of no return  
And when I looking back at the times where it all began  
I know  
That I still have much to learn

When memories make themselves hard  
Go away - go away  
You know that you gave me your word  
Gonna go on my own

Time, time take me where  
I'm no longer a stranger  
I'll do anything  
I know i'll find a way  
Time, time take me there  
And with the speed of lightning  
I'll do anything  
I know i'll find my way

Gonna go on my own!

Cause i cant take any more, not gonna stay,  
I aint gonna stay,  
Time, time will take me there(i dont wanna run away)  
But I will go anyway, I know your all alone(cause i  
cant take anymore not gonna stay)
