

# Your Hero

Eagle Eye Cherry

You wish your senses, I've been round you in that  
situation  
We got caught up in their slack and their humiliation  
Oh no

Oh boy, by all the means you don't have what it takes  
to fly  
Hell and all break loose and you'll become the bitter  
one

That was stolen by their hands in your fall  
Left us here with truly nothing at all

But I'll be your hero, I'll be your friend  
I'll be there, I'll listen  
I'll stay to the end  
I'll be your hero, I'll be your guide  
I'll love you forever, 'til the end of all time

Eh eh ayo, eh eh ayo  
Eh eh ayo, eh eh ayo

Back in the corner, you were hiding in the darkest hole  
Always find you, slowly grind you, did we all go numb?

Gets so lonely, no one's there for your call  
Left us here with truly nothing at all

But I'll be your hero, I'll be your friend  
I'll be there, I'll listen  
I'll stay to the end  
I'll be your hero, I'll be your guide  
I'll love you forever, 'til the end of all time

Eh eh ayo, eh eh ayo  
Eh eh ayo, eh eh ayo

Won't you show me that it wasn't my fault?  
Don't you say you're feeling nothing at all

I'll be your hero, I'll be your friend  
I'll be there, I'll listen  
I'll stay to the end  
I'll be your hero, I'll be your guide  
I'll love you forever, 'til the end of all time

I'll be your hero, I'll be your friend  
I'll be there, I'll listen  
I'll stay to the end  
I'll be your hero, I'll be your guide  
I'll love you forever, 'til the end of all time

Eh eh ayo, eh eh ayo  
I'll be your hero  
Eh eh ayo, eh eh ayo  
Eh eh ayo, eh eh ayo  
I'll be your hero

Eh eh ayo, eh eh ayo  
I'll be your hero

Eh eh ayo, eh eh ayo  
Eh eh ayo, eh eh ayo  
Eh eh ayo, eh eh ayo  
Eh eh ayo, eh eh ayo
