James Dean, James Dean
I know just what you mean
James Dean, you said it all so clean
And I know my life would look allright
If I could see it on the silver screen

You were the lowdown rebel if there ever was Even if you had no cause James Dean, you said it all so clean And I know my life would look all right If I could see it on the silver screen

We'll talk about a low-down bad refrigerator,
You were just too cool for school
Sock hop, soda pop, basketball and auto shop,
The only thing that got you off was breakin' all the rules
James Dean, James Dean
So hungry and so lean
James Dean, you said it all so clean
And I know my life would look all right
If I could see it on the silver screen

Little James Dean, up on the screen Wond'rin' who he might be Along came a Spyder and picked up a rider And took him down the road to eternity

James Dean, James Dean, you bought it sight unseen

You were too fast to live, too young to die, bye-bye You were to fast to live, too young to die, bye-bye Bye-bye, Bye-bye, Bye-bye, Bye, bye
