Salmon skin Band-Aid help with recovery Diction buttery, grass depending

Your nigga was switching passed depending on where the rudder s wings

Snapping like the shutter speed, pucker up, kiss of death Tell your men to hit the deck or hit the dirt

Killing who you sinning first, verse wintergreen spit it, show $^{\prime}$ em that I meant it

Ho, I'm rolling with my niggas, find a gold and call the chemis $\ensuremath{\mathsf{t}}$

Show up solo to the scrimmage, throw a brick and pour the Henny Don't defend it, it's useless nigga

Up to my wrist in the cooler gripping the brew in this music sh it

For Versace suicidal, I hit the Jake through the rifle And tell her open that mouth for deposit, leave the bank broke Sliding in, she smiling and fidgeting, pull my face close Streaming down the street from what 'roma was stank though Product of the villainy, product capable, plainclothes Rhyme with no niggas who probably was gonna remain broke
