

## Stuck

EARTHGANG

I'm stuck to you  
I'm sorry I can't get loose  
I'm stuck to you  
I apologize for all the times I blew  
I'm stuck to you  
I'm sorry I can't get loose  
I'm stuck to you  
I apologize for all the times I blew

You pretty black rose, you brutalized soul  
I pinky promise I won't hurt you no mo'  
Don't leave me out, out in the cold  
'Cause I don't wanna die anymore (Alright! Attention!)

Mister misunderstanding is marryin' miscommunication today at three  
Don't lose your invitation, they say it's the place you ought to be  
Filled with the who's whose? Of, who's you?  
Who's me? And who's anybody?  
Please dress in your finest (Like casket sharp?)  
Well gee, just wait and see  
Who grabbed me by the collar?  
Made me make 'em holla, I should've reconsidered, I know (Huh)  
Niggas ain't shit, huh, well you ain't lyin'  
And I hate, I hate to be E, let go  
So in this nightlife, said I apologize

I'm stuck to you  
I'm sorry I can't get loose  
I'm stuck to you  
I apologize for all the times I blew  
I'm stuck to you  
I'm sorry I can't get loose  
I'm stuck to you  
I apologize for all the times I blew

First time did this verse, spit it half-assed  
I wasn't in the mood, goons get emotional too  
You angelic, getting high got me closer to you  
Summer nights, stargazing, Frank Ocean and 'shrooms  
Girl you drive me beaucoup cuckoo  
Fucked around in you even though you down to fuck bitches too  
There's nothing that you won't do  
Mama ain't raise no fool, well now I guess that ain't true  
I'm in and out of symbiotic situation shit too often  
Never finish how they started, used to fuck you on the carpet  
The floor is hot lava, Hawaii tickets we always talked about  
I guess I'm finna go without ya like Forgetting Sarah Marshall  
Marshall and Kim in here for a minute  
Depending who you asking, you ask who you depend in  
But what we been through ain't nobody business  
My love for you is infinite

Fake me in the same clothes  
Fuck that if I say so  
Worst part is she can't clone  
Love, love is-  
Everything that we came for

Everything that we made for us  
Everything that we paid for  
Why is it breaking us down?  
Love, now why-why  
Why is it breaking us down?  
Love

I'm stuck to you  
I'm sorry I can't get loose  
I'm stuck to you  
I apologize for all the times I blew  
I'm stuck-
