

# I Can't Get You Off My Mind (Crazy)

East 17

I can't forget that night  
It was crazy  
With the Moon  
You went down  
Over by the window  
Up against the wall  
You was screaming out loud

IIIIIIIIII I just can't get you off my mind  
You're driving me crazy  
You're driving me crazy

We ordered some Champagne  
You melted the ice  
On your lips as I kissed them  
You said  
"No no sleeping  
There's so much to do  
I'm all over you  
Then I'm leaving"

IIIIIIIIII I just can't get you off my mind  
You're driving me crazy  
You're driving me crazy

IIIIIIIIII I just can't get you off my mind  
You're driving me crazy  
You're driving me crazy

I didn't want the nite to end  
I didn't want the nite to end  
I didn't want the nite to end  
I didn't want the nite to end

IIIIIIIIII I just can't get you off my mind  
You're driving me crazy  
You're driving me crazy

IIIIIIIIII I just can't get you off my mind  
You're driving me crazy  
You're driving me crazy

IIIIIIIIII I just can't get you off my mind  
You're driving me crazy  
You're driving me crazy
