

Nothing But Time

Eddy Arnold

I never had time to wonder if you were happy or sad
I never had the time to ask you what kind of day you had
For I was too busy to notice that we were drifting apart
Never had time to see just what you meant to me
And now I've got nothing but time

I never had time to tell you, it was nice just having you near
I never had the time to look for some small way to say that I c
are
The time just flew and I didn't see that I was breaking your he
art
Never had time to see just what you meant to me
And now I've got nothing but time
