

Funky Rock 'N' Roll

Eddy Grant

Ah, Funky rock and roll
Well it's funky in the night and day
Hey, funky rock and roll
And it's funky in the most peculiar way

Hey, funky rock and roll
And it's funky in the night and day
Yeah, funky rock and roll
And it's funky in the most peculiar way

All right.

Don't let them tell you about nothing,
Your thing, is my thing
Forget your troubles and dancing, singing
And playing

Ah, funky rock and roll
And it's funky in the night and day
Hey, funky rock and roll
And it's funky in the most peculiar way
Oh no, funky rock and roll
And it's funky in the night and in the day
Hey, funky rock and roll
And it's funky in the most peculiar way

They don't educate you to living together
And loving
They manufacture divorces of course
It's business

Yow, funky rock and roll
And it's funky in the night and in the day
Hey, funky rock and roll
And it's funky in the most peculiar way
Hey, funky rock and roll
And it's funky in the night and day
Hey, funky rock and roll
And it's funky in the most peculiar way
Hey, funky rock and roll
What they say
Here the, here the most peculiar way

Don't let them tell you about nothing,
Your thing, is my thing
Forget your troubles and dancing, singing
And playing

Yow, funky rock and roll
And it's funky in the night and in the day
Hey, funky rock and roll
And it's funky in the most peculiar way

Funky rock and roll
