## **Crucified**

## **Eighteen Visions**

Still crucified Still crucified Still crucified

I've never been consumed Never conformed like you

Still crucified

You once were a king, but you've become a pawn Go!

You once were a king, but you've become a pawn Now a slave yeah you've been so deceived And oh what a crime that you're living a lie When the truth was right there to be seen

Still crucified Still crucified Still crucified
