Electric Guest

Freestyle what I don't know how
Now I'm on my own
Had to find another home
Had to find another home
Freestyle for the long way now
On and on and on
Had to find it on my own
Had to find it on my own

I've been looking for a calling
I've been looking for a new way
When the night time's falling
Waiting for the new day
Million dollar on the altar
But it's just another heartache
I keep looking for an offer
Waiting for a new way

Freestyle, that's how I live right now
Make it as I go
Had to find another home
Had to find another home
Freestyle for the long way now
On and on and on
Had to make it on my own
Had to make it on my own

I've been looking for a calling
I've been looking for a new way
When the night time's falling
Waiting for the new day
Show me something I can live for
Tell me that it's gon' be okay
I just wanna represent more
Waiting for a new wave

Freestyle
Gotta figure it out this time
Gotta figure it out this time
Gotta figure it out
Freestyle
Gotta figure it out this time
Gotta figure it out this time
I can figure it out

Freestyle, that's how I live right now
Make it as I go
Tryna find another role
Tryna find another role
No smile, but I don't feel down
All a game, I know
But I'm stuck on overload
Still I'm stuck on overload

I've been looking for a calling
I've been looking for a new way
When the night time's falling

Waiting for the new day
Is there anything to live for
Tell me that it's gonna be okay
I just wanna represent more
No more going half way

Freestyle
Gotta figure it out this time
Gotta figure it out this time
Gotta figure it out
Freestyle
Gotta figure it out this time
Gotta figure it out this time
I can figure it out

I'm like, oh my god
That's just my luck
But what is
This feeling hard
I've got, 'mon up

Freestyle
Gotta figure it out this time
Gotta figure it out this time
Gotta figure it out
Freestyle
Gotta figure it out this time
Gotta figure it out this time
Gotta figure it out

(Until the end)
