

# I Got The Money

Electric Guest

What's the use these days?  
Seems like everybody went insane and fucked up their minds  
Keep it cool, my way  
Looking for some higher ground  
It's getting harder to find

Like oh  
Used to wish I was born  
Back in the day when there was no phones  
I know, I know, I know  
Still I go  
Feel like a domino  
All that you hear on the radio  
I know, I know, I know

Everbody sayin'  
I got the money, I got the money  
Everybody sayin'  
I got the money, I got the money  
I got the money, I got the money  
Everbody sayin'  
I got the money, I got the money  
Everybody sayin'  
I got the money, I got the money  
I got the money, I got the money

Keep that money to yourself  
I don't need that kind of wealth for me  
(I got the money, I got the money)  
Tryin' to find another way  
'Cause they always wanna play for keeps

I'm confused these days  
Yeah you're working on the body  
But you forgot the mind  
Split in two always  
Fuck the internet  
I wish I could just leave it behind

Like oh  
These days I just don't know  
All that you hear on the radio  
I know, I know, I know

Everbody sayin'  
I got the money, I got the money  
Everybody sayin'  
I got the money, I got the money  
I got the money, I got the money  
Everbody sayin'  
I got the money, I got the money  
Everybody sayin'  
I got the money, I got the money  
I got the money, I got the money

Keep that money to yourself  
I don't need that kind of wealth for me

(I got the money, I got the money)  
Tryin' to find another way  
'Cause they always wanna play for keeps

Keep it locked on 92.3 "The Flame"  
Playing today's hottest jams  
Do not turn that dial  
Much more- much more- m-m-m-much more of the same  
(I got the money)

Everybody sayin'  
I got the money, I got the money  
Everybody sayin'  
I got the money, I got the money  
Everybody sayin'  
I got the money, I got the money  
I got the money

Everybody sayin'  
Keep that money to yourself  
I got the money, I got the money  
I got the money, I got the money  
Tryin' to find another way  
I got the money, I got the money  
I got the money, I got the money
