

Jenny

Electric Guest

She's always falling
Said I know she'll break the bone
No one will follow
So she's runnin' alone

Cure it all
For the broken doll
Gonna take it all
And throw it all away, hey

Caught in the sun
Face in a gun
Oh Jenny turn away
Weather the worst
One for the hearse
Oh Jenny feel the pain

She's always callin'
When she's lost the way to go
Oh feelin' nothing
Time to finish the show
End it all for the broken doll
Gonna take it all
And throw it all away, hey

Caught in the sun
Face in a gun
Oh Jenny turn away
Weather the worst
One for the hearse
Oh Jenny feel the pain

All the color gone away
Only sorrow hard to stay
Knowin' love is hard to keep
She keeps hearin' 'Face the deep'

Caught in the sun
Face in a gun
Oh Jenny turn away
Weather the worst
One for the hearse
Oh Jenny feel the pain
