

Strike While the Iron is Hot!

Electric Six

This is what I turn into when I get really hungry
Man become machine and
Machine becometh monkey
This is what I turn into when I get close to you

What do you want me to do?
It gets hard I know
You're playing with fire, it's about to blow
You
I ain't some souvenir
Can't take it no more, do I make myself clear

Taking all the drugs a boy and girl can find
Entering the vortex in the centre of my mind
But you don't wanna go there so you leave it behind
You...
What do you want me to do?

It gets hard I know
You're playing with fire, it's about to blow
You
I ain't some souvenir
Can't take it no more, do I make myself clear

I'm going to strike while the iron is hot!
Hit you with everything I got
I'm gonna...
Strike! Strike! Strike!
Strike! Strike! Strike!
Strike! Strike! Strike!
Strike! Strike! Strike!
Yes baby!

I know... strike
[Mumbling]

I don't want your body if you can't keep it clean
I don't want your money if your money isn't green
50 million megawatts of gasoline
Yeah

Strike
Strike while the iron is hot!
Hit you with everything I got
I'm gonna...
Strike! Strike! Strike!
Strike! Strike! Strike!
Strike! Strike! Strike!
Strike! Strike! Strike!
Insane!
