

One Day

Ella Mai

I tried to move on
Forget you were so much
Look what you've done
Shame you've all screwed up
I tried to move on
Forget you were so much
Look what you've done
Shame you've all screwed up

Couldn't be more overdue
All the rumors seem to be so true
How could you ever
Look me right in the eye
And tell me all of your goddamn lies
Turn to despise

Fuck you, can't be involved in all of this bull
Best believe I'm through
With you, with you, with you
Fuck you, it's funny how you're sorry
Cause boy, well me too
And no matter what you do
It's done now, it's done now

Boy time's up
You never thought the day would come, huh?
Hey, don't cry now
Should've been there when
I told you stop with the games
But you gon' learn one day

Wonder if you know the deal
You'll never meet another girl so real
You don't know what you
Got until it's gone
Plenty will tell you I'm the one
You'll never find another
You'll never do another

Fuck you, can't be involved in all of this bull
Best believe I'm through
With you, with you, with you
Fuck you, it's funny how you're sorry
Cause boy, well me too
And no matter what you do
It's done now, it's done now

Boy time's up
You never thought the day would come, huh?
Hey, don't cry now
Should've been there when
I told you stop with the games
But you gon' learn one day

Oh now you can do what you want, boy
No more answering to others
You can do what you want to

I know I'll be good, yeah
It's my time now
This love died out

Boy time's up
You never thought the day would come, huh?
Hey, don't cry now
Should've been there when
I told you stop with the games
But you gon' learn one day

Don't say sorry now, I mean
Don't even waste your time
