

Still haven't changed your name inside my phone  
I guess somewhere deep down it feels so wrong  
Ain't even registered inside my head  
Still got this love for you deep in my bones  
I remember every cold word I said  
Every night I'm missing you in my bed  
I know you ain't happy 'cause you tell me so  
So there is just one thing that I need to know

On a scale of one to ten (One to ten)  
How badly do you wanna break up?  
If it's less than seven, come on over  
And let's just, let's just, let's just make love  
On a scale of one to ten (One to ten)  
How badly do you wanna make up?  
If it's more than seven, come on over  
And let's just, let's just, let's just make love

Ooh-ooh-ooh  
Yeah, yeah, uh-huh

Ain't got no time for bein' fake strong  
Postin' my pictures like I'm movin' on  
If I don't do away with all this pride  
I know it's gonna eat me up alive  
I remember every cold word you said  
Flashin' lights goin' off in my head  
But it's nothing compared to you gone  
I can't forget you like my favorite song

On a scale of one to ten (One to ten)  
How badly do you wanna break up?  
If it's less than seven, come on over  
And let's just, let's just, let's just make love  
On a scale of one to ten (One to ten)  
How badly do you wanna make up?  
If it's more than seven, come on over  
And let's just, let's just, let's just make love

Love, ooh-ooh, yeah  
Ooh-ooh-ooh, yeah
