You're so quiet But it doesn't phase me You're on time You move so fast, makes me feel lazy And let's join forces We've got our guns and horses I know you've been burned by every fire is a lesson learned I left my house I left my clothes Door wide open Never knowing You're so worthy, you are But I wish I could feel all it for you I wish I could be it all for you If I could erase the pain And maybe you'd feel the same I'd do it all for you I would Let's tie words 'Cause they amount to nothing Play it down Pretend you can't take what you've found But you found me On a screen you sit permanently [Ellie Goulding Lyrics are found on www.songlyrics.com] I left my house I left my clothes Door wide open Never knowing You're so worthy, you are But I wish I could feel all it for you I wish I could be it all for you If I could erase the pain And maybe you'd feel the same I'd do it all for you I would It's time to come clean And make sense of everything It's time that we found out who we are Cause when I'm standing here in the dark I see your face in every star But I wish I could feel all it for you I wish I could be it all for you If I could erase the pain And maybe you'd feel the same I'd do it all for you I would

I'd do it all for you, I would
