## Who Are You (Who Am I?)

**Elvis Presley** 

Who are you, who am I? Are we more than strangers passing by? Is this your dream are you in mine? Are we really here or lost in time?

Will you be friend or lover Show me the heart you conceal Now is the time to discover If this feeling we're feeling is real So close to love and yet so far Just one kiss will tell us who we are

Will you be friend or lover Show me the heart you conceal Now is the time to discover If this feeling we're feeling is real So close to love and yet so far Just one kiss will tell us who we are
