

Deja Vu

Elyar Fox

I feel like I've been here before
You just walked in but I feel so sure
And in my mind I'm trying to find
A reason why I recognise you
I realise I knew you all along

When I saw your face
I lost time and place
When I saw you smile
It made my heart go wild
And when I touched your lips
It wasn't our first kiss yeah
Man I think I love this girl
Another life, another world
I'm finally finding you
It feels a little like deja vu

I don't believe in fate but
I feel something in the air so
I take a breath and take a chance
I know it's hard to understand but
Baby hear when I say I knew it right
From when I saw your face
I lost time and place

When I saw you smile
It made my heart go wild
And when I touched your lips
It wasn't our first kiss yeah
Man I think I love this girl
Another life, another world
I'm finally finding you
It feels a little like deja vu

Like deja vu ooohh
A little like, a little like yeah
A little like, a little like yeah
Another life, another life ohh yeah
Another life, another life heey yeah

I lost time and place
When I saw you smile
It made my heart go wild
And when I touched your lips
It wasn't our first kiss yeah
Man I think I love this girl
Another life, another world
I'm finally finding you
It feels a little like deja vu
Like deja vu ohh
It feels a little like deja vu
