

Everybody seems so calm
I love to take it there
To be alone
And everybody seems so lost
But they're the lucky ones
Feeling numb

I'm alright, it's alright
I'm not thinking it through
But all night I feel like thinking it too

I could fall apart right now
But I wanna die with you
I could fall apart right now
But I wanna die, die with you

Everybody seems so wrong
And I don't like it here
I don't know
Can anybody tell me why
It hurts?
I wonder why

I'm alright, it's alright
I'm not thinking it through
But all night I feel like thinking it too

I could fall apart right now
But I wanna die with you
I could fall apart right now
But I wanna die, die with you

I kinda wanna be back home
I'm feeling weird today
I'm missing you
I just wanna be in my bed
It hurts without you

I could fall apart right now
But I wanna die with you
I could fall apart right now
But I wanna die, die with you

I could fall apart right now
