

# So Bad

Emarosa

I never say it the way you like  
Can never stop when the feeling's right  
Do you even care? I wonder why  
Cause I do, yeah I do, like a million times

Turn me on, let it go  
Made me feel like you're on my side  
Hung it up, said goodbye  
Living sad songs that I couldn't write

And I can't stop missing you  
So bad  
I don't wanna say goodbye  
And all I needed was you  
So bad  
Tell me how to turn back time  
If the feeling's not forever  
You and I can stop  
Heaven knows I'll do it again  
And I can't stop missing you  
So bad  
I don't wanna say goodbye

I would have said it  
I should have tried  
I should have stopped when I realized  
Do I even care? I couldn't cry  
But you do, yeah you do like a million times

Turn me on, let it go  
Made me feel like you're on my side  
Hung it up, said goodbye  
Living sad songs that I couldn't write

And I can't stop missing you  
So bad  
I don't wanna say goodbye  
And all I needed was you  
So bad  
Tell me how to turn back time  
If the feeling's not forever  
You and I can stop  
Heaven knows I'll do it again  
And I can't stop missing you  
So bad  
I don't wanna say goodbye

(Turn me on)  
(Turn me on)  
(Turn me on)  
I've never had to be without you  
(Turn me on)  
I've never had to be without you  
(Turn me on)  
I've never had to be without you  
(Turn me on)  
I've never had to be without you

And I can't stop missing you  
So bad  
I don't wanna say goodbye  
And all I needed was you  
So bad  
Tell me how to turn back time  
If the feeling's not forever  
You and I can stop  
Heaven knows I'll do it again  
And I can't stop missing you  
So bad  
I don't wanna say goodbye
