

What You've Never Had You'll Never Have

Embrace

Luck's I don't want what I have
I foolishly tried to get you to see it when I should have lied

'Cause you don't know what it's like to live beyond the day today

With every step you take you take another step away
And now it's time [?], your smile just gets in the way
Don't be sad, what you've never had you'll never have

Surprise, I don't want what you have
I foolishly tried to get you to see it, now I don't have time

'Cause you'll never know how it feels to live beyond the day today

You'll never know your mind because you'll always get your way
And now it's time [?], your smile just gets in the way
Don't be sad, what you've never had you'll never have
What you've never had you'll never have
No, what you've never had you'll never have
No, what you've never had you'll never have

'Cause you'll never know how it feels to live beyond the day today

You'll never know your mind because you'll always get your way
And now it's time [?], your smile just gets in the way
Don't be sad, what you've never had you'll never have
