

Love to Help

Emeli Sandé

Wherever you go, I wanna go there
If ever you're low, I'll kill your nightmares
If they dip you in blue I'm painting you yellow
Hey, I'm talkin' to you

Don't you ever think that you're alone
I'll be right here waiting by the phone
And when you're just not feeling like yourself
Don't you know that I would love to help?

Well life isn't fair, this ain't no fairground
Sometimes it's clear, then sometimes it's raincloud If you bumb your head I
wo
If you bump your head I won't let you fall down
Did you hear what I said

Don't you ever think that you're alone
I'll be right here waiting by the phone
And when you're just not feeling like yourself
Don't you know that I would love to help?

Well even the strong sometimes need a shoulder
Don't get me wrong, I know you're a soldier
But pull down your walls, let me get closer
You are the one

Don't you ever think that you're alone
I'll be right here waiting by the phone
When you're just not feeling like yourself
Don't you know that I would love to help?

When you just don't know which way to go
Just remember you always got a home
And when you're thinking, "Oh my God, what else?"
Never think that you're by yourself
Don't you know that I would love to help?
Anytime, anytime, anytime
You're never by yourself
That's a lie, that's a lie, that's a lie
I would love to help

Anytime, anytime, anytime
You're never by yourself
That's a lie, that's a lie, that's a lie
I'd love to help

Anytime, anytime, anytime
You're never by yourself
That's a lie, that's a lie, that's a lie
I am here to help

Anytime, anytime, anytime
You're never by yourself
No, I would love to help
