

# Born On My Own

Emigrate

The queen never walks  
Now watch her walking  
Last soldier lost  
Count the fallen

I'm gonna lose you  
You're gonna lose me too  
We're gonna lose it  
All at the end

There won't be anyone  
Saving anyone  
When kingdoms come  
Kingdoms come undone

Gods rise and fall  
They're only Gods after all  
I am in control  
Born on my own

Nations rage  
Tides are turning  
End of the age  
Let's get to burning

Judgment day  
Judges blown away  
Nothing left to owe  
When there's no one left to pay

Gods rise and fall  
They're only Gods after all  
I don't need anyone  
Born on my own

Break down the walls  
That keep us all  
Flames in waves  
So beautiful

Holding home  
Up in my soul  
I am in control  
Born on my own

Break down the walls  
That keep us all  
Flames in waves  
So beautiful

Holding home  
Up in my soul  
Never alone  
Not born on my own
