

Leaving You With This (Originalton - Burnin' Roof Remix)

Emil Bulls

Deep inside I don't feel alright
It burns like fire
It's twined around by barb wire
It pricks it bites
You'll need a life to cut it
I'm too shy I'm too dumb
Unable to talk about the things
That are hurting me

It's so sad I can't turn my inside out
It's so sad so many things to share
It's so sad maybe I can't show my love
It's so sad now I'm leaving you with this

Deep inside I hide a secret
It burns like fire
It's twined around by barb wire
It pricks it bites
You'll need a life to cut it out out of my mind
I'm too shy I'm too dumb
Unable to talk about the things that are hurting me

It's so sad I can't turn my inside out
It's so sad so many things to share
It's so sad maybe I can't show my love
It's so sad now I'm leaving you with this

It's so sad maybe I can't show my love
It's so sad now I'm leaving you with this
