Emiliana Torrini

Peering into a fire  
In the forest someone's burning tyres  
My breath shows the cold  
I watch it rise try to ignore their calls

Home

You're a roar in my heart  
A song that won't leave my mind  
Creaking of the snow  
Now I'll never walk the ice alone

Roar in my heart  
Roar in my heart

Roar in my heart  
Creaking at the snow  
Roar in my heart  
A song that won't leave my mind  
Roar in my heart  
Now I'll never walk the ice alone  
Roar in my heart
