

# Never Fall In Love

Émilie Simon

You want to be my lover  
You want to be my man  
I am a flower  
And I hurt your hands

Don't say you love me  
Don't say you care  
I'm not human  
We will never be the same

You can carry on like that  
I will give you all I've got  
I'm not the one you're looking for  
Roses never, never fall in love

You could be a giant  
You could be a child  
I'm buried in the ground  
And I never cry

Don't say you love me  
Don't say you care  
I'm not human  
We will never be the same

You can carry on like that  
I will give you all I've got  
I'm not the one you're looking for  
Roses never, never -  
Roses never, never fall in love

You want to be my lover  
You want to be my man  
I am a flower  
And I hurt your hands

Don't say you love me  
Don't say you care  
I'm not human  
We will never be the same

You can carry on like that  
I will give you all I've got  
You can carry on like that  
I will give you love  
I'm not the one you're looking for  
Roses never, never -  
Roses never, never fall in love

Roses never, never -  
Roses never, never -  
Fall in love
