

# Let Your Baby Show You How to Move

Emma Bunton

You and me  
We've been in love from the start  
That's the way it's gonna be  
Now let's try  
Something new, we can do  
Together in time  
Never been so high  
It's the way that I feel  
When our bodies entwine  
It's my time  
Cos you still got a lot to learn

I never thought I'd feel the way I do  
Just come with me and we can rendezvous  
Even though it seems like a taboo  
Let your baby show you how to move  
Now I'm gonna educate my man  
You know a girl always has the upper hand  
It's time you get into the groove  
And let your baby show you how to move

You will find  
We can move with the rhythm  
When you follow my sign  
Let your feelings show  
There's only the two of us  
Let yourself go  
I can't see  
I'd love to show you the way  
To hold me tenderly  
So boy obey  
And I'll show you a better way

I never thought I'd feel the way I do (I do)  
Just come with me and we can rendezvous (we can rendezvous)  
Even though it seems like a taboo  
Let your baby show you how to move (show you how to move)  
Now I'm gonna educate my man (educate my man)  
You know a girl always has the upper hand (has the upper hand)  
It's time you get into the groove  
And let your baby show you how to move

Now we're moving perfectly  
Together in harmony  
Because of you lovin' me  
You are my best friend  
Always know just what to say  
You put up with me everyday  
I just wanna let you know  
That you're still in my heart when I take control

I never thought I'd feel the way I do (I do)  
Just come with me and we can rendezvous (rendezvous)  
Even though it seems like a taboo (baby)  
Let your baby show you how to move (show you how to move)  
Now I'm gonna educate my man (my man)  
You know a girl always has the upper hand (she has the upper hand)

It's time you get into the groove (ooo)  
And let your baby show you how to move (baby, show you how to move)

Show you how to move  
Let your baby  
Let your baby  
Show you how to move  
Show you how to move  
Let your baby
