

# Everything Will Be Fine

Emma Louise

Sleep on  
You sit still  
Play with myself  
Always  
Come undone  
We're not to  
Be alone

Everything will be fine  
Everything will be fine  
Everything will be fine  
Everything will be

He's got the money  
I'll bring some sangria  
Look over the islands, again  
Touch the air between us

Everything will be fine  
Everything will be fine  
Everything will be fine

And they are not my thoughts  
I'm in a cinema  
They are not my thoughts  
I'm in a cinema  
They are not my thoughts  
I'm in a cinema

Everything will be okay (fine)  
Everything will be fine  
Everything will be fine  
Everything will be fine
