

Have a Seat

En Vogue

One of these days you gon' see me
But I've been right here all the time
(Hey, hey, hey)
You gonna reach out to touch me
But I won't be there by your side
(Nah, nah, nah)
You gonna wish you could drink me
Thirsty like the desert ground
(Yeah, yeah, yeah)
But I won't know how you're feeling, no
'Cause I won't be anywhere around
(Bet you'll never forget)

Ooh, all this good loving I gave to you
(Bet you'll never forget)
Oh, all you ever did was lie, baby, I was the truth
(You'll never forget)
Those times you said I would be nothing
(You'll never forget)
But look at me, ain't I somethin'?

You know you want it but you know can't have nothing but a seat
(Ah, ooh, ooh, ooh)
You want this good good but you know
You can't have nothing but a seat
And watch the show, yeah

I think I like the security, yeah
Look who's incognito now
(Hey, hey, hey)
I bet right now if I called ya
You'd be ready to settle down
(Oh, hell yeah)
'One of those days' is here now
(Ooh, ooh)
So open up your eyes and ears
(Hey, hey, hey)
'Cause Stevie Wonder can see me
So I know that I make myself clear, yeah

(Bet you'll never forget)
Ooh, all this good loving I gave to you
(Bet you'll never forget)
How all you ever did was lie, and baby I know the truth
(You'll never forget)
Those times you said I would be nothing
(You'll never forget)
But look at me, now ain't I somethin'?

You know you want it
But you know can't have nothing but a seat
(No)
You want this good good
But you know you can't have nothing but a seat
(Nothing)
Sit down and watch out
(Ooh)

I know it's hard to watch, 'cause I'm so freakin' hot
(Yeah, yeah, yeah, yeah)
Bet your girlfriend dresses just like me
But you'll never come close, tell her 'have a seat'
(Yeah, yeah, yeah, yeah)
I know it's hard to watch, 'cause I'm so freakin' hot
(Yeah, yeah, yeah, yeah)
Bet your girlfriend dresses just like me
But you'll never come close, chick, have a seat
(Yeah, yeah, yeah, yeah)

(I bet you'll never forget)
Ooh, all this good loving I gave to you
(Bet you'll never forget)
How all you ever did was lie, and baby I was the truth
(You'll never forget)
Those times you said we would be nothing
(You'll never forget)
But look at me, now ain't I somethin'?

You know you want it
But you know can't have nothing but a seat
(No, no, no, no, no, hey, you want it)
You want this good good
But you know you can't have nothing but a seat
(You want it, you need it)
And watch the show

Woo, woo, woo, woo, woo
