

Stellar Plains

Enforcer

(Verse)

Break out! From the cosmic cell that holds you
Stick the earthy line of death and lie
Break through! The eternal sea of eons
Crash, loosen of the three dimension world

(Pre-Chorus)

Enter the reality below!
Light years from the world you used to know!

(Chorus x4)

Out through stellar plains I'm running out

(Verse 2)

Break out! The bonds of energy and matter
Annihilate the force of gravity
Break thought! dissolve the laws of constant order
Create a force to rip the universe apart

(Pre-Chorus)

(Chorus x4)

(Guitar solo)

(Pre-Chorus)

(Chorus x4)
