

# I Could Never Say Goodbye

Enya

Night has gone without my tears  
Now I walk alone  
You're no longer here  
The days turn to years

I could never say goodbye  
To the sadness in my eyes  
You know you are in my heart  
But the miles keep us apart

Time moves slow  
In the falling rain  
I still dream of you  
And whisper your name  
Will I see you once again?

I could never say goodbye  
To the sadness in my eyes  
You know you are in my heart  
But the miles keep us apart

I could never say goodbye
