

## Lullaby For A Cat

Epik High

Oh damn  
Volume way up on my phone  
And  
Next to my head on the floor  
And  
Beats on repeat  
The rain tap dancin' on my windowpane  
Whoever said no pain, no gain  
Don't know pain  
Intimately like I do  
As infinitely as I do  
Been lied about and lied to  
Too many times to fight it  
Some bridges were built to burn  
No need to help ignite it  
A party of one or party of none  
Please keep me disinvited  
Tuck you in  
As I tuck another tear behind my eyelids
