

My Demon Inside

Ereb Altor

In the corner of my eye
She's always there
Unseen by all
Apart from me
Inside of me
With lustful needs
We are one
Will I ever be set free

Feeding on my dreams
Searching for repose
Feeding on my flesh
Worn down to skin and bone
Feeding on my soul
Leave me be
Devouring my will
With her demonic plague

Farsoten tär på min kropp
Farsoten tar allt mitt hopp
Farsoten äger min själ
Farsoten är överallt

Lost and confused I turned to the priests
Men of the cross expel the beast in me
Along the dark path I have suffered
I repent, I will kneel to the light
Save my soul

My demon inside
She's tearing me apart
My demon inside
She is killing me

"You wear the devils mark"

"There's no turning back from your ungodly sins
Bestiality, alliance in blood
Sodomy with Satan
Witchcraft and greed
You must burn
Cleansed by fire you will burn"

Farsoten växer av hat
Farsoten inger mig kraft
Farsoten växer i mig
Farsoten är överallt

Before the priests I release my queen
With detest for the church her eyes turn red
All that was human in me is lost
Trial by fire is for the men of God

My demon inside
Unholy alliance
My demon inside
She is one with me

I bear the devils mark

The devils mark

My demon inside
