## **Twilight of the Gods**

**Ereb Altor** 

There is a serpent in every Eden Slick as grease and cold as ice There is a lie in every meaning Rest assured to fool you twice

In this age of utter madness
We maintain we are in control
And ending life before deliverance
While countries are both bought and sold

Holy writtings hokus-pokus
Blaze of glory and crucifix
Prepriced costly credit salvations
TV-preachers and dirty tricks

Don't trust nobody
It will cost you much too much
Beware of the dagger
It caress you at first touch
O, all small creatures
It is the twilight of the gods

When the foundations to our existence Begins to crumble one by one And legislations protects its breakers And he who was wrong but paid the most won

Even the gods of countless religions Holds no powers against this tide Of degeneration because we have now found That there is no thrones up there in the sky

Run from this fire
It will burn your very soul
Its flames reaching higher
Comed this far there is no hold
O, all small creatures
It is the twilight of the gods
