

# Cold One

Eric Church

It was a perfect day for the end of May, they say a record high  
I stared at that green water when out of the blue and by surprise

She had her feet up on the cooler as she put our love on ice  
She grabbed a beer, said, "I'm out of here,"  
And walked out of my life

That was a cold one  
I never will get back  
Yeah she had to leave, did she have to leave me one beer  
Short of a twelve pack?  
She left me hanging high and dry in that hell high summer sun  
Damn babe, that was a cold one

It ain't the first time, or the last time  
I watched love walk out  
But it's damn sure the one time  
I still ain't forgot about  
I still like to drink a beer but a long neck I won't do  
'Cause every time I see one sweating, man  
I break out in one too

That was a cold one  
I never will get back  
Yeah she had to leave, did she have to leave me one beer  
Short of a twelve pack?  
She left me hanging high and dry in that hell high summer sun  
Damn babe, that was a cold one

That was a cold one  
I never will get back  
Yeah she had to leave, did she have to leave me one beer  
Short of a twelve pack?  
She left me hanging high and dry in that hell high summer sun  
Damn babe, that was a cold one

Damn babe, that was a cold one (damn!)
